Dedicated to Your Success

We are committed to offering consistently excellent staffing in the face of a constantly changing business environment. Our team of professional recruiters interview each candidate and check their references, spending the time to understand their skills and career objectives. They then work closely with our Account Executives to ensure that positions are filled by the most highly qualified consultants. The low turnover of our consultants speaks to the high quality of both our consultants and our clients.

CEI: A Company with Strong Roots

CEI was founded in 1983 as a woman-owned business. Since that time CEI has proven itself by weathering the volatile economic landscape of information technology as it has evolved over the last twenty years.

Your Business Is Our Business

Building relationships with our clients is instrumental in ensuring the best matches between our clients and our candidates. We take the time to listen to your needs and match you with professionals who have the right qualifications for the job.

From Start-ups to Fortune 1000

Our clients come in all sizes, and we service all of them with equal enthusiasm and commitment. A sophisticated computerized database enables us to quickly respond to client requisitions with an extensive selection of qualified skilled professionals.

Branching Out into the Future

At CEI our candidates represent a wide range of skills in cutting edge technologies. We keep abreast of emerging trends in the industry and actively seek out professionals who can keep up with the evolving needs of our clients.
